This form describes a number of behaviors seen in some students. Read the statements that follow the phrase: *During the past 4 weeks, how often did the student...* and place a check mark in the box underneath the word that tells how often you saw the behavior. Please answer each question carefully. There are no right or wrong answers. If you wish to change your answer, put an X through it and fill in your new choice as shown to the right. A "Never" response can mean that you have never observed the student engaging in that behavior or that the student does not engage in that behavior.
